Side-by-Side Graphics Using Subfigure

SRESTA TEWARI

September 23, 2024

1 Introduction

In this document, we demonstrate how to include side-by-side graphics using the subfigure feature from the subcaption package.Here we showcase the different types of beverages through the two different pictures of Tea and Coffee.

2 TEA VS COFFEE (FIGURES)

          (a) First Image   (b) Second Image(Coffee)

Figure 1: Side by side comparison of two images (HERE TEA AND COFFEE)
